Benefactor Levels

This fall the Marching Greyhounds are competing in the ISSMA and BOA competition circuits. About 15% of Marching Greyhound members rely on financial support from the Carmel High School Band Boosters to participate. We strive to give every student the opportunity to learn what it takes to achieve excellence. By becoming a Marching Greyhounds Benefactor, you help give students a unique opportunity to learn important life skills and grow personally and musically. In addition to your support, our students earn credit towards their participation fees through several fundraisers.

Competition Benefactor: \$100-\$249

This giving level can send one music or guard student to a marching band competition.

Excellence Benefactor: \$250-\$499

This giving level provides funds for one replacement marching band uniform or one guard costume.

Silver C Benefactor: \$500-\$999

This giving level provides funds for major instrument repairs and purchases or for replacement flag poles, rifles and sabers.

Director's Circle: \$1000

This giving level assists the CHS Band Boosters in paying for additional staff who help Marching Greyhound members achieve higher levels of musicianship, marching skills, body movement, and guard equipment skills.

Champion Benefactor: \$2500+

Champion benefactors collectively provide financial support to Marching Greyhound members who are unable to pay some or all activity fees, which in part includes the purchase of original show music, drill and choreography. This giving level significantly contributes to the long-term sustainability and growth of our program.
