

# Donor Levels – Concert Band

carmelbands

Our concert band students find a place to connect while growing both personally and musically. Private lessons and solo/ensemble experiences are often transformational in a student’s musical success, yet about 10% of our band members need financial support to participate in these opportunities. The Carmel High School Band Boosters believe that every student should have the chance to challenge themselves and reach new heights.

By becoming a Concert Band Donor, you directly support these special opportunities and help create additional experiences that enrich our program. Donations allow us to bring in guest musicians and instructors, enhance performance opportunities, and provide resources that are essential to managing a world-class music program.

Your contribution ensures that every student, regardless of financial need, can grow as a musician and be part of something extraordinary.
